

Tripp Davis and Associates
Golf Architecture

November 7, 2003

c/o :

United Golf
6317 S. 103rd E. Ave
Tulsa, Oklahoma 74133

To Whom It May Concern:

I have had the privilege of working with United Golf on numerous projects during my career and I must credit their talent, expertise, and overall professionalism with helping me establish myself as a golf architect.

I worked with Mike Webb on a few projects prior to the establishment of United Golf, and it was one such project, the Stewart Peninsula Golf Club in The Colony, Texas, where United Golf was formed. I brought Mike in to shape the project and generally serve as our project coordinator. When it came time to engage an irrigation contractor, we brought in Dale Forest and Northeast Irrigation. Mike and Dale then formed United Golf and they have since built new courses for us at Grand Cherokee, Roman Nose and Clary Fields, and they have performed extensive renovation work for us at Rolling Hills Country Club in Wichita, Kansas and Windyke Country Club in Memphis, Tennessee. In addition, I know they have done great work on other projects we were not associated with. I without question consider United Golf as one of the best golf course builders in the country.

Please feel free to call me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Tripp Davis". The signature is written in a cursive, flowing style.
